

Adaptations

Any changes to the environment, curriculum, instruction, or assessment designed to help students participate meaningfully in general education settings/daily activities. Adaptions include accommodations and modifications.

Accommodations

(Support access without altering learning expectations)

Modifications

(Change the learning expectations or content itself)

Accommodations - changes to **HOW** a student accesses information and demonstrates learning. Accommodations **do not** substantially change the level, content, or performance criteria.

Modifications - changes in **WHAT** a student is expected to learn in order to give student the opportunity to participate meaningfully and productively. Modifications **do** include changes in level, content, and performance criteria.
